

## Past Performance Scenarios

This document provides forward-looking performance scenarios for all of Acorn Life's investment funds that are available under both the Acorn Life Flexible Savings Plan and the Acorn Life Investment Bond.

The form and figures shown in the tables below have been developed in compliance with EU legislation relating to Packaged Retail and Insurance-based Investment Products (PRIIPs). All calculations are based on a set of assumptions and on past performance data for each fund.

**What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted. The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 15 years. Markets could develop very differently in the future.**

This information is provided as at end of April 2026.
